

Third VALUE Steering Meeting

VALUE project continues its activities with enthusiasm and interest, despite some inevitable delays due to the COVID-19 situation.

The coordination meeting of the project was held online on 17 November.

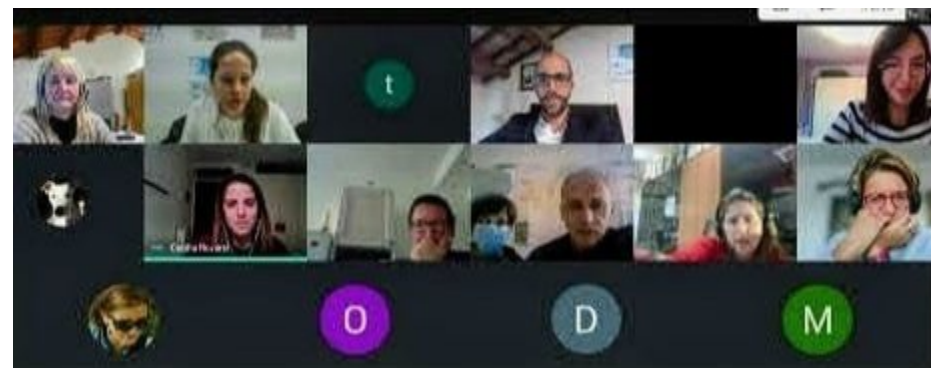

The state of the art of the project and the progress of the activities were analyzed, also discussing with partners the possible and necessary changes in light of the extension granted by the managing authority to the duration of the project until the end of 2021, due to COVID emergency.

The mapping activities regarding WP3 are in progress: Parco Delta del Po Veneto, Korcula and Cres have already completed the work, while other partners are in the final stages.

Activities relating the implementation of pilot projects (WP4) are also proceeding. LP Comacchio Municipality has completed the activities at Pomposa Abbey and by December aslo the construction of the outdoor archaeological park at Stazione Foce will be completed. Po Delta Park is preparing all the authorizations to be able to start the excavation works in Adria and San Basilio.

In Cres, the cleaning and arrangement of the historic routes ended in advance, despite the COVID-19 emergency, while in Korcula the reconstruction work of the Marco Polo House should be completed by the end of 2020.

In addition, the technical and operational methods for carrying out the other planned activities are being defined, such as summer camps and training activities for high schools.

Master in Cultural Management MuSeC - Special Edition Value Project

Call for applications to the Master in Cultural Management MuSeC, organized by the Department of Economics and Management of the University of Ferrara in collaboration with the Municipality of Comacchio funded by the European project VALUE, will be published by December,

The Value project includes various training activities aimed at young people, including this Master which aims to increase knowledge and develop skills for those who already work or who are oriented towards inclusion in the management of cultural and environmental heritage in companies cultural and creative.

University of Bologna in Spina Conversation about Archeology

The presentation of one of the pilot projects of VALUE project, carried out in collaboration with Alma Mater Studiorum - University of Bologna, and aimed at the rediscovery of Spina, was held in Comacchio.

In addition to the presentation of the study of the vast necropolis of Valle Trebba, the closure of the first campaign of the archaeological mission in the territory of the ancient Etruscan city allows for a preliminary assessment and planning of future activities on the site.

The meeting, broadcast in streaming and available on youtube by clicking [here](#), was attended by:

- Emanuele Mari, Councilor for Culture
 - Marco Bruni, archaeologist and consultant of the Municipality of Comacchio
 - Andrea Gaucci, professor of the Department of History, Culture and Civilization of the University of Bologna
 - Giacomo Mancuso, Enrico Zampieri, Anna Serra and Carlotta Trevisanello - Equipe Alma Mater Studiorum University of Bologna
- The meeting was organized by Andrea Gaucci and the Unibo team.

VALUE Project gadgets are ready for you!

While waiting to be able to carry out the many scheduled events, and now blocked due to the Covid-19 emergency, the gadgets of the VALUE project have been created. The Veneto Region, as part of WP2, had the task of identifying the company that would make the gadgets. After a call, it has been chosen fell on the Duelle Promotions agency. The gadgets will be distributed during the presentation events of the pilot projects and the dissemination of project values, both in Italy and in Croatia.

The events will obviously be attended by professionals and specialists in the sector, but also and above all citizens and tourists interested in the cultural and tourist enhancement of the territories involved.

In total, the following were created:

- 3000 cotton t-shirts
- 3000 information leaflets on recycled paper
- 2000 hats
- 1000 notepads
- 1500 canvas backpacks
- 1000 ballpoint pens
- 400 USB sticks
